

FISH and WILDLIFE COMMISSION AGENDA ITEM COVER SHEET

Meeting Date: December 10, 2015

Agenda Item: 2016-2017 Moose Hunting Seasons, Quota Ranges and HD Boundaries

Division: Wildlife

Action Needed: Proposed

Time Needed on Agenda for this Presentation: 10 Minutes

Background

Season structures and hunting district boundaries are adopted biennially for most game species. This happens every other year between December and final adoptions in February. In proposing regulations to the Commission, FWP proposes adopting the existing (2015) structure except for specific changes. Proposals are based on population status and/or other circumstances.

For the 2016 and 2017 moose season structure changes include reducing antlered bull licenses in HD 250 from three to one, some changes to quota ranges, and two proposals to combine adjacent individual hunting district licenses into one license valid in multiple hunting districts.

All proposed changes are in the Commission Master List for the December meeting.

Public Involvement Process & Results

Moose season comments were received during scoping and included interest in drawing odds and lower moose populations. In addition to public comment at the Dec. 10 Commission meeting, public comment will run through 5 p.m., Jan. 22, 2016. Any final adoptions will take place at the Feb. 11, 2016 Commission meeting.

Alternatives and Analysis

Proposals may be adopted as proposed, with adjustment, with additions, with deletions or no change from 2015 (status quo). No change would challenge the supporting justifications behind proposals.

Agency Recommendation & Rationale

Rationale for individual proposals is included in Commission information packets and may be further articulated at the Dec. 10 Commission meeting.

Proposed Motion

I move the Commission adopt for public comment the 2016 and 2017 Moose Hunting Seasons and Hunting Districts as presented by FWP.
